

Take Your Shot Competition

UE POST-SECONDARY EDUCATION SCHOLARSHIP

UE Enclosures partners alongside companies and the local community to help build solutions. They are excited to partner with the Bridge and provide a scholarship to a student who needs a financial solution so that they can take their shot at a brighter future by furthering their education.

Requirements:

- Must demonstrate a financial need
- Be an Honour's List student
- Has existing social supports (ex. family, chosen family, etc.) available to support their pursuit of a post-secondary education
- Has enrolled or been accepted to a university or college program
- This scholarship can be combined with any other scholarship, bursary, OSAP, or financial assistance

Winner will receive: \$5,000.00 per year beginning in 2026, for a maximum of 4 years (max. \$20,000.00). The continuation of the annual \$5,000.00 per year will be dependent on the successful student maintaining a passing grade in their program of choice. The annual scholarship; however, should not exceed the fees of the annual course dues and living expenses. The judges will assign an Education Coach that will assist with the successful applicant during their education journey.

Runner-up will receive: \$1,000.00 as a one-time scholarship in Fall 2026. This bursary is open to students applying to any post-secondary education program.
